

VACCINATIONS FOR THE 2020-2021 SCHOOL YEAR

What is Vaccines for Children?

The Vaccines for Children (VFC) program helps ensure that all children have a better chance of getting their recommended vaccines. VFC has helped prevent disease and save lives. In 2019, 74% of our clients qualified for the vaccine program.

Vaccines Offered

The following list of vaccines are normally required for school children in Ohio:

- Diphtheria, Tetanus, Pertussis (DTaP/DT Tdap/Td)
- Polio
- Measles, Mumps, Rubella (MMR)
- Hepatitis B
- Chickenpox (Varicella)
- Meningococcal (MCV₄)

FAQ for Parents & Children

Q: Will vaccine clinics be offered at my child's school this year?

A: No. Due to COVID-19 there will be no vaccine clinics offered at Stark County schools for the 2020-2021 school year. There will be limited sites around the county and at the Stark County Health Department.

Q: My child is doing the online option for their school district. Does he/she still need their vaccinations?

A: Yes. Though some children may be doing their school year from home, Stark County school children are still required to receive their normal vaccinations for the 2020-2021 school year.

Q: Does our family need to have health insurance for the VFC program?

A: No. Those with or without insurance can receive vaccinations at the Stark County Health Department or the limited sites around the county. Those taking part in the VFC program will only be charged a \$21 administration fee.

Q: Is my child eligible for the VFC program?

A: Children are eligible if it is before their 19th birthday and they qualify for Medicaid, don't have insurance, and are American Indian or Alaska Native.
